Bogota	Moddus	Upright
Canopy	Moddus + chlormequat (max ½ rate of each)	
CC Cutlass	Optimus	
Cerone	Optimus + chlormequat (max ½ rate of each)	

Adjuvants

Arma	Intracrop Tonto	Kantor	Intracrop Salute
------	-----------------	--------	------------------

When using tank mixes always follow the statutory conditions of all tank mix partners. Physical compatibility tests check that the products will mix and are suitable for application through a conventional sprayer and may not be approved tank mixes. These tests do not check for any adverse crop effects or the biological efficacy of the individual products when applied in a tank mix. ADAMA Agricultural Solutions UK Ltd gives no warranty and accepts no liability in respect of physical compatibilities and use is at growers own risk. PHOENIX® is a registered trademark of the ADAMA group. PHOENIX® contains 500g/L (39.5% w/w) folpet. Use plant protection products safely. Always read the label and product information before use. For further product information, including warning phrases and symbols, refer to www.adama.com/uk or call The Technical Helpline on 01635 876 622.
