SECTION 4. First aid measures

4.1. Description of first aid measures

**First aid measures**

**Inhalation**: Remove victim to fresh air. Consult a doctor in the event of any complaints.

**Skin contact**: Remove affected clothing and wash all exposed skin area with soap and water, followed by warm water rinse. Consult a doctor in the event of any complaints.

**Eye contact**: Wash off with plenty of water (15 min.) If pain persists, consult an eye specialist.

**Ingestion**: Do not induce vomiting. Wash out mouth with plenty of water. Do not give anything by mouth to an unconscious person. Consult a doctor in the event of any complaints.

4.2. Most important symptoms and effects, both acute and delayed
