# Wetspray® 1000

## Surfactant

ACTIVE CONSTITUENT:

### 1000 g/L ALCOHOL ALKOXYLATE

A wetting and spreader adjuvant for improvement in spray coverage when using Agricultural Chemicals as specified in the Directions for Use table

Formulation type  
Soluble  
Concentrate

Adama.com

CONTENTS: 5 L, 10 L, 20 L, 60 L, 110 L, 200 L

#### DIRECTIONS FOR USE

USAGE ASPECT	RATE	CRITICAL COMMENTS
<b>General Herbicide Sprays</b> High Volume Power Spray Low Volume Boom Spray Misting Machines Knapsack	10 mL/100 L 40 mL/100 L 5 mL/5 L 2 mL/15 L	WETSPRAY® 1000 should be added only where directed on individual label, as use with selective herbicides outside label directions may reduce crop selectivity.
<b>Soil Residual Herbicides</b>	100-400 mL/100 L	Rates will vary depending on products used. Consult product labels for individual recommendations.
<b>Contact Herbicide</b> High Volume Power Spray Low Volume Boom Spray	120 mL/100 L 120 mL/100 L	Contact herbicides require high rates of WETSPRAY® 1000 for maximum efficiency. This is particularly important for killing grasses and tall, dense vegetation.
<b>Horticulture</b> Insecticides, Fungicides and Growth Regulators	40-100 mL/100 L	Vary rate according to spray volume. Select rate in accordance with product labels.
<b>Paraquat and Diquat Herbicides</b> Important when grasses are the major target	60-120 mL/100 L	
<b>Pasture Topping</b> For use with Wipe-Out® 360, Wipe-Out® 450 and Wipe-Out® CT Elite	125 mL/100 L	
<b>Watering of Turf and Dust Abatement</b> As additive to water	40-100 mL/100 L	
<b>Fire Fighting</b> Water Tanker Knapsack	5 mL/100 L 1 mL/15 L	Increases the wetting power of the water.

**NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.**

**NOTE:** WETSPRAY® 1000 should only be used with products which recommend the incorporation of a suitable adjuvant.

## GENERAL INSTRUCTIONS

This product is suitable for incorporation with most herbicides unless otherwise stated on the label. This product enhances herbicide activity by increased adsorption, wetting and spray coverage. This product increases retention of spray by reducing surface tension of the spray droplets, which will result in more uniform coverage of the leaf surface. For foliar active herbicides the product should be applied to the point where leaves and stems are wet. Avoid causing excessive run-off. When treating hairy or waxy leafed plants, the addition of WETSPRAY® 1000 at higher rates will increase herbicide activity.

## MIXING

Half fill the spray tank with water. Add the required quantity of WETSPRAY® 1000 and agitate. Add the recommended quantity of agricultural chemical and top up the tank with water while continuing to agitate the mixture.

## PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

Toxic to fish. DO NOT contaminate streams, rivers or waterways with the chemical or used containers.

## STORAGE AND DISPOSAL

KEEP OUT OF REACH OF CHILDREN. Store in the closed original container in a cool, well-ventilated area. DO NOT store for prolonged periods in direct sunlight. Triple rinse containers before disposal. Add rinsings to spray tank. DO NOT dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush, or puncture and deliver empty packaging to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose, clear of waterways, desirable vegetation and tree roots, in compliance with relevant local, state or territory government regulations. DO NOT burn empty containers or product.

**For refillable containers**, empty contents fully into application equipment. Close all valves and return to point of supply for refill or storage.

## 60 L, 110 L (Mini bulk returnable container)

Store the original sealed container in a cool well-ventilated area. DO NOT store for prolonged periods in direct sunlight. DO NOT tamper with the Micro Matic valve or the security seal. DO NOT contaminate the container with water or any foreign matter. After each use of the product, please ensure that the Micro Matic coupler delivery system and hoses are disconnected, triple rinsed with clean water and drained accordingly. When the contents of the container have been used, please return the container to the point of purchase. The container remains the property of Adama Australia.

## SAFETY DIRECTIONS

Avoid contact with eyes and skin. Wear elbow-length PVC or rubber gloves and overalls.

## FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 13 11 26. If skin contact occurs, remove contaminated clothing and wash contaminated skin thoroughly. If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.

## SDS

Additional information is listed in the safety data sheet (SDS). A safety data sheet for WETSPRAY® 1000 is available from adama.com or call Customer Service on 1800 423 262.

**CONDITIONS OF SALE:** The use of WETSPRAY® 1000 Surfactant, being beyond the control of the manufacturer, no warranty expressed or implied is given by Adama Australia regarding its suitability, fitness or efficiency for any purpose for which it is used by the buyer, whether in accordance with the directions or not and Adama Australia accepts no responsibility for any consequence whatsoever resulting from the use of this product.
