When using tank mixes always follow the statutory conditions of all tank mix partners. Physical compatibility tests check that the products will mix and are suitable for application through a conventional sprayer and may not be approved tank mixes. These tests do not check for any adverse crop effects or the biological efficacy of the individual products when applied in a tank mix. ADAMA Agricultural Solutions UK Ltd gives no warranty and accepts no liability in respect of physical compatibilities and use is at growers own risk. GOLTIX TITAN[®] is a registered trademark of the ADAMA group. GOLTIX TITAN[®] contains 40g/L (3.4% w/w) quinmerac and 525g/L (45.1% w/w) metamitron. Use plant protection products safely.
