### Section 4: FIRST AID MEASURES

#### 4.1. Description of first aid measures

**General advice**
In case of accident or unwellness, seek medical advice immediately (show directions for use or safety data sheet if possible). First aider: Pay attention to self-protection!

**Inhalation**
Remove to fresh air. If breathing is irregular or stopped, administer artificial respiration. Call a physician immediately.

**Skin Contact**
Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Consult a physician if necessary.

**Eye contact**
Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Keep eye wide open while rinsing. If symptoms persist, call a physician.

**Ingestion**
Rinse mouth. Do NOT induce vomiting. Call a physician immediately.

**Self-protection of the first aider**
Use personal protective equipment as required.

#### 4.2. Most important symptoms and effects, both acute and delayed

**Symptoms**
None known.

#### 4.3. Indication of any immediate medical attention and special treatment needed

**Note to physicians**
Treat symptomatically.
