Nimrod® Tank Mixes

2-Way Mixes
The following tank mixes have been tested for physical compatibility with Nimrod and will mix at recommended rates:

**Fungicides**

| Alpha Captan 80 WDG | Switch |

**Insecticides**

| Aphox | Cypermethrin | Decis Protech | Equity |

**Other**

| Agral | Calcium Chloride | Magnesium Sulphate | Urea |

**Incompatible mixes**

DO NOT mix other chemicals with Nimrod for application to begonias or cucumbers.

---

When using tank mixes always follow the statutory conditions of all tank mix partners. Physical compatibility tests check that the products will mix and are suitable for application through a conventional sprayer and may not be approved tank mixes. These tests do not check for any adverse crop effects or the biological efficacy of the individual products when applied in a tank mix. Adama Agricultural Solutions UK Ltd gives no warranty and accepts no liability in respect of physical compatibilities and use is at growers own risk.

Nimrod® contains 250 g/l (27.2% w/w) bupirimate. Use plant protection products safely. Always read the label and product information before use. For further product information, including warning phrases and symbols, refer to www.adama.com/uk/en or call The Technical Helpline on 01635 676 622. All other non Adama Agricultural Solutions UK Ltd brand names used in this tank mix list are trademarks of other manufacturers in which propriety rights may exist.
