

Galil[®]

A broad spectrum insecticide
for the control of Coffee Berry Borer on Coffee
and a variety of insects in other crops

ADAMA

Galil®

GALIL DOUBLE ACTION MODE = EXCELLENT, QUICK AND LONG LASTING ACTIVITY AGAINST MANY PESTS

GALIL® is a combination of two different molecules and therefore has efficient systemic and contact activity against Coffee Berry Borer and a variety of other pests in the same application.

Systemic Activity

Imidacloprid
Neonicotinoid

Bifenthrin
Pyrethroid

Contact Activity

ADAMA

GALIL

INSECTICIDE

1 Liter

ADAMA

THIONEX

ADAMA

Time to Change

Galil® will be replacing the well known Thionex

Galil®-benefits for the farmer:

-  Broad spectrum activity
-  Excellent Knock-down effect – within a few hours the pests stop feeding on your crop
-  Fewer applications -your crop is protected for a long period due to the strong residual effect
-  Rain fast
-  Safe for crop

DIRECTIONS FOR USE:

Preparing spray mixture: Shake well before use.

To prepare a spray solution, half-fill the spray tank with clean water.

Pour the required quantity of Galil into the spray tank;

gently agitate the machine. Fill the spray tank with water to the required level while agitating continuously.
