ADAMA

# Barroz<sup>®</sup>

Unique Granular Formulation  
for Reliable  
Rice Stem borer control

Stronger Roots & Healthy Tillers  
Early Crop Establishment

**"Barroz ka Bharosa"**

# Barroz®

## MODE OF ACTION:

- **Barroz** is having two ways of actions due to combinations of two better chemicals
- It interferes with the neuromuscular process at the nerve-muscle junction causing permanent prevention of muscle contraction leading to Paralysis and death of insect.
- It inhibits muscle contraction, causing a continuous flow of chlorine ions in the GABA and H-Glutamate receptors sites

## Barroz Results

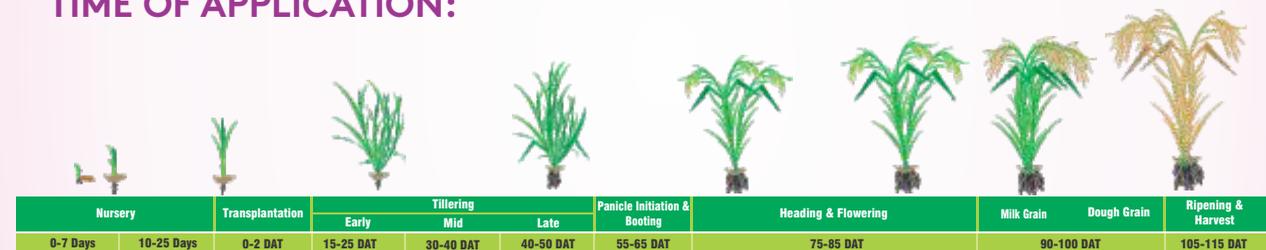

# Barroz®

## FEATURES & BENEFITS:

FEATURES		BENEFITS
	Granular form	Ease in application
	Dual Mode of Action	Good Resistance management & Better control of Stem Borer for longer period
	Excellent Phytotonic effect	Strong and Healthy tillers development
	Safe to Environment	No health hazards and safe to applicator

## TIME OF APPLICATION:

15-25 DAT ( South & East India region)  
25-35 DAT ( North India region)

## RECOMMENDATION:

Crop	Insect	Dose/Acre
Paddy	Rice Stem Borer	3 Kg
