## REFER TO BOOKLET FOR FULL LABEL INSTRUCTIONS.

HAZARD CLASSIFICATIONS: 6.1D, 6.3A, 6.4A, 9.1B

### PCBU RESPONSIBILITIES

A PCBU with management or control of work using this substance must ensure that every worker who uses, handles, manufactures, or stores this hazardous substance (including hazardous waste) is, before the worker is allowed to carry out or supervise work involving those substances, provided with adequate information, training and instruction. This includes the use of personal protective equipment to be used to minimise risks to the health and safety of workers when carrying out work using this substance.

### TOXICITY

#### WARNING

**Harmful if swallowed.**

**Causes skin irritation.**

**Causes serious eye irritation.**

#### ECOTOXICITY

**Toxic to aquatic life with long lasting effects.** Do not apply onto or into water. Avoid contamination of any water supply with product or empty container.

### HANDLING PRECAUTIONS

Keep out of reach of children.

Use personal protective equipment as required.

Do not eat, drink or smoke while using.

#### EQUIPMENT

A PCBU with management or control of work using this substance must ensure that equipment used to handle this substance retains the substance, without leakage, at all of the temperatures and pressures at which the equipment is to be used; and dispenses or applies the substance, without leakage, at a rate and in a manner that the equipment is designed for. The PCBU must ensure that the equipment is accompanied by documentation that is readily available and readily understandable about the use and maintenance of the equipment.

#### STORAGE

Store in the original, tightly closed container in a cool, dry place out of direct sunlight and away from stockfeed or foodstuffs.

There are requirements when storing this product in a workplace, relating to labelling, safety data sheets, stationary container systems, separation distances, secondary containment, emergency response plans, and signage; and in a place other than a workplace, relating to stationary container systems, separation distances, emergency response plans, secondary containment, and signage.

Secondary containment and emergency response plans are required where greater than 1000 L of this product are stored. Refer to the product SDS for further information.

#### SHELF LIFE

When stored appropriately this product should show no significant degradation for two years from the date of manufacture. Contact your supplier for further information about the use of any product that is older than this.

#### PERSONAL PROTECTION

When mixing or applying wear appropriate protective clothing including goggles/face mask, impervious gloves, overalls and boots. Remove protective clothing and wash hands, arms and face with soap and water before meals and after work.

#### SPILLAGE

Exclude all bystanders from the vicinity of the spill and prevent material from entering waterways. Wear appropriate protective clothing as in the personal protection section of this label to clean up spills. Absorb liquid spills with an inert material (such as vermiculite, earth, sand or synthetic absorbent substance) and place in waste containers. Wash area with water and alkaline detergent. Then absorb any remaining liquid with further inert material. Dispose of the waste safely in an approved facility.

#### DISPOSAL

**Container Disposal** - Triple rinse empty container and add rinsate to spray tank. Submit clean empty container to an Agrecovery® depot for recycling. Alternatively, puncture and bury in a suitable landfill. Avoid contamination of any water supply with product or empty container.

**Product Disposal** - Dispose of this product only by using according to the label directions or through the Agrecovery® Chemical Recovery service or other approved facility.

## FIRST AID

If medical advice is needed, have product container or label at hand.

For advice contact the National Poisons Centre 0800 POISON (0800 764 766) or a doctor immediately.

**IF SWALLOWED:** Rinse mouth. Call a POISON CENTRE or doctor if you feel unwell.

**IF ON SKIN:** Take off contaminated clothing and wash with plenty of soap and water. If skin irritation occurs get medical advice/attention. Wash contaminated clothing before reuse.

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists, call a POISON CENTRE or doctor.

## CONDITIONS OF SALE

ADAMA New Zealand Limited will not accept any responsibility whatsoever and howsoever arising and whether for consequential loss or otherwise in connection with the supply of these goods other than the responsibility for the merchantable quality of the goods and such responsibilities mandatorily imposed by the Statutes applicable to the sale and supply of these goods. To the extent allowed by such Statutes the liability of ADAMA New Zealand Limited is limited to the replacement of the goods or (at the option of ADAMA New Zealand Limited) the refund of the price paid and is conditional upon a claim being made in writing and where possible sufficient part of the goods to enable proper examination being returned to ADAMA New Zealand Limited within thirty days of delivery.

**FIRST AID**

If medical advice is needed, have product container or label at hand.

For advice contact the National Poisons Centre 0800 POISON (0800 764 766) or a doctor immediately.

**IF SWALLOWED:** Rinse mouth. Call a POISON CENTRE or doctor if you feel unwell.

**IF ON SKIN:** Take off contaminated clothing and wash with plenty of soap and water. If skin irritation occurs get medical advice/attention. Wash contaminated clothing before reuse.

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists, call a POISON CENTRE or doctor.

**SAFETY DATA SHEET**

A Safety Data Sheet for this product is available from ADAMA New Zealand Limited on request. Call 03 543 8275.

**PRODUCT INFORMATION**

AGROSIL can be used where the addition of a penetrant is required or recommended on the agricultural chemical label.

**DIRECTIONS FOR USE**

**TAKE ALL REASONABLE STEPS TO ENSURE THAT THE SUBSTANCE DOES NOT CAUSE ANY SIGNIFICANT ADVERSE EFFECTS TO THE ENVIRONMENT BEYOND THE APPLICATION AREA.**

WITH POLARIS OR OTHER GLYPHOSATE HERBICIDES	RATE / 100 L OF SPRAY SOLUTION
Broadacre spraying	100 mL
Handgun and knapsack applications	100–200 mL
Aerial application	250 mL (Use a minimum of 500 mL/ha)
WITH ADAMA METSULFURON HERBICIDE	
Handgun and knapsack applications	100 mL
Aerial application – Gorse	400 mL
WITH TRICLOPYR 600 G/L HERBICIDES	
Handgun and knapsack applications	100 mL
Aerial application – Gorse	250 mL
WITH OTHER HERBICIDES	
For improving the performance of other herbicides	100 mL

**MIXING**

Half fill the spray tank with water, add the recommended quantity of mixing partner and begin agitation. Add water until the spray tank is 7/8 full and then add AGROSIL full to reduce foaming.

**RAINFALL**

The addition of AGROSIL to POLARIS and other glyphosate herbicides will reduce the rain-free period to 30 minutes when label recommended rates are sprayed onto dry foliage. The rain-free period is not reduced when wet plants are treated.

**CONDITIONS OF SALE**

ADAMA New Zealand Limited will not accept any responsibility whatsoever and howsoever arising and whether for consequential loss or otherwise in connection with the supply of these goods other than the responsibility for the merchantable quality of the goods and such responsibilities

mandatorily imposed by the Statutes applicable to the sale and supply of these goods.
