

ADAMA

APHOX[®]

TANK MIXES

2-Way Mixes

The following tank mixes have been tested under continuous agitation for physical compatibility with Aphox and will mix at recommended rates:

Fungicides

Alto Elite	Folicur	Signum
Amistar	Folio Gold	Switch

Herbicides

Fusilade Max

Insecticides

Decis	Hallmark with Zeon Technology ¹
-------	--

Trace Elements

ADAMA Agricultural Solutions UK Ltd will support the tank mixing of any of the named trace elements with an existing 2-way tank mix including Aphox. ADAMA Agricultural Solutions UK Ltd advise that the trace element part of the tank mix is added to the sprayer tank last with constant agitation and the mixture is sprayed without delay.

Headland Super 80	Yara Vita Croplift	Yara Vita Phosamco Bio
Manganese sulphate (chelated)*	Yara Vita Magflo	Yara Vita Stopit
Yara Vita Betatral DF	Yara Vita Mantrac	Yara Vita Universal Bio

Incompatible Mixes

DO NOT tank mix with most formulations of magnesium sulphate, cobalt liquid and Bittersalz.

*Always test first as some powdered manganese sulphates are physically incompatible with APHOX.

¹ When mixing Hallmark with Zeon Technology add to the spray tank last.
