Nimrod® Tank Mixes

2-Way Mixes

The following tank mixes have been tested for physical compatibility with Nimrod and will mix at recommended rates:

Fungicides

Alpha Captan 80 WDG	Switch
---------------------	--------

Insecticides

Aphox	Cypermethrin	Decis Protech	Equity
-------	--------------	---------------	--------

Other

Agral	Calcium Chloride	Magnesium Sulphate	Urea
-------	------------------	--------------------	------

Incompatible mixes

DO NOT mix other chemicals with Nimrod for application to begonias or cucumbers.

When using tank mixes always follow the statutory conditions of all tank mix partners. Physical compatibility tests check that the products will mix and are suitable for application through a conventional sprayer and may not be approved tank mixes. These tests do not check for any adverse crop effects or the biological efficacy of the individual products when applied in a tank mix. Adama Agricultural Solutions UK Ltd gives no warranty and accepts no liability in respect of physical compatibilities and use is at growers own risk.

Nimrod® contains 250 g/l (27.2% w/w) bupirimate. Use plant protection products safely. Always read the label and product information before use. For further product information, including warning phrases and symbols, refer to www.adama.com/uk/en or call The Technical Helpline on 01635 876 622. All other non Adama Agricultural Solutions UK Ltd brand names used in this tank mix list are trademarks of other manufacturers in which propriety rights may exist.
