# Give Your Fields a Head Start with Worry-free Weed Protection with Cotoran<sup>®</sup> 4L

A strong foundational preemergent program with Cotoran 4L is as important as it has ever been to get off to a good, clean start.

## Long-lasting Residual

Up to three weeks of control for broadleaf weeds and grass suppression.

## Trusted and Flexible Control

An integral herbicide for sustaining all weed control programs.

## Two Sites of Action

Break the cycle of herbicide resistance in annual grasses and broadleaf weeds.

## Superior Crop Safety

Provides optimal combination of crop safety and efficacy among pre-plant and pre-emergence broadleaf herbicides.

## Resistance Management

Consistently provide the broadest spectrum control of tough annual grasses and broadleaf weeds.

Always read and follow label directions. Data on file.
