

# Get the Royal Treatment

## Improved quality & marketability

Delivers enhanced fruit size and consistent performance.

Reduces the time needed for hand thinning.

Offers a flexible application window.

## Backed by 12 years of proven research

More than 600 trials carried out in over 28 countries.

Non-insecticidal solution that doesn't require mixing with additional chemical thinners.

Meets export requirements and consumer/buyer preferences.

The only apple and pear fruit thinner that delivers excellence.
